G. ANTITRUST: By entering into a contract, the contractor conveys, sells, assigns, and transfers to the Commonwealth of Virginia all rights, title and interest in and to all causes of action it may now have or hereafter acquire under the antitrust laws of the United States and the Commonwealth of Virginia, relating to the particular goods or services purchased or acquired by the Commonwealth of Virginia under said contract.

H. MANDATORY USE OF STATE FORM AND TERMS AND CONDITIONS FOR IFBs AND RFPs: Failure to submit a bid on the official state form provided for that purpose shall be a cause for rejection of the bid. Modification of or additions to any portion of the Invitation for Bids may be cause for rejection of the bid; however, the Commonwealth reserves the right to decide, on a case by case basis, in its sole discretion, whether to reject such a bid as nonresponsive. As a precondition to its acceptance, the Commonwealth may, in its sole discretion, request that the bidder withdraw or modify nonresponsive portions of a bid which do not affect quality, quantity, price, or delivery. All invoices shall show the state contract number and/or purchase order number; social security number (for individual contractors) or the federal employer identification number (for proprietorships, partnerships, and corporations). b. Unreasonable Charges. Under certain emergency procurements and for most time and material purchases, final job costs cannot be accurately determined at the time orders are placed. In such cases, contractors should be put on notice that final payment in full is contingent on a determination of reasonableness with respect to all invoiced charges. Charges which appear to be unreasonable will be resolved in accordance with Code of Virginia, § 2.2-4363 and -4364. Upon determining that invoiced charges are not reasonable, the Commonwealth shall notify the contractor of defects or improprieties in invoices within fifteen (15) days as B-5 required in Code of Virginia, § 2.2-4351.,. The provisions of this section do not relieve an agency of its prompt payment obligations with respect to those charges which are not in dispute (Code of Virginia, § 2.2-4363). 2. To Subcontractors: a. Within seven (7) days of the contractor's receipt of payment from the Commonwealth, a contractor awarded a contract under this solicitation is hereby obligated: (1) To pay the subcontractor(s) for the proportionate share of the payment received for work performed by the subcontractor(s) under the contract; or (2) To notify the agency and the subcontractor(s), in writing, of the contractor's intention to withhold payment and the reason. b. The date of mailing of any payment by U. S. Mail is deemed to be payment to the addressee. These provisions apply to each sub-tier contractor performing under the primary contract. A contractor's obligation to pay an interest charge to a subcontractor may not be construed to be an obligation of the Commonwealth. 3. Each prime contractor who wins an award in which provision of a SWaM procurement plan is a condition to the award, shall deliver to the contracting

agency or institution, on or before request for final payment, evidence and certification of compliance (subject only to insubstantial shortfalls and to shortfalls arising from subcontractor default) with the SWaM procurement plan. Final payment under the contract in question may be withheld until such certification is delivered and, if necessary, confirmed by the agency or institution, or other appropriate penalties may be assessed in lieu of withholding such payment. 4. The Commonwealth of Virginia encourages contractors and subcontractors to accept electronic and credit card payments.

By ordering the contractor to proceed with the work and keep a record of all costs incurred and savings realized. A markup for overhead and profit may be allowed if provided by the contract. The same markup shall be used for determining a decrease in price as the result of savings realized. The contractor shall present the Purchasing Agency with all vouchers and records of expenses incurred and savings realized. Any claim for an adjustment in price under this provision must be asserted by written notice to the Purchasing Agency within thirty (30) days from the date of receipt of the written order from the Purchasing Agency. - B. **AUDIT:** The contractor shall retain all books, records, and other documents relative to this contract for five (5) years after final payment, or until audited by the Commonwealth of Virginia, whichever is sooner. The agency, its authorized agents, and/or state auditors shall have full access to and the right to examine any of said materials during said period.
- C. **INDEMNIFICATION:** Contractor agrees to indemnify the Commonwealth of Virginia, its officers, agents, and employees for any loss, liability, cost, or reasonable settlement cost incurred as a result of any claims, damages and actions of any kind or nature, whether at law or in equity, arising from or caused by the use of any materials, goods, or equipment of any kind or nature furnished by the contractor/any services of any kind or nature furnished by the contractor, provided that such liability is not attributable to the sole negligence of the using agency or to failure of the using agency to use the materials, goods, or equipment in the manner already and permanently described by the contractor on the materials, goods or equipment delivered.
- D. **eVA ORDERS AND CONTRACTS:** The solicitation/contract will result in one (1) purchase order per contractor with the applicable eVA transaction fee assessed for each order.

Vendors desiring to provide goods and/or services to the Commonwealth shall participate in the eVA Internet e-procurement solution and agree to comply with

the following: If this solicitation is for a term contract, failure to provide an electronic catalog (price list) or index page catalog for items awarded will be just cause for the Commonwealth to reject your bid/offer or terminate this contract for default. The format of this electronic catalog shall conform to the eVA Catalog Interchange Format (CIF) Specification that can be accessed and downloaded from www.eVA.virginia.gov. Contractors should email Catalog or Index Page information to eVA-catalog-manager@dgs.virginia.gov.

- E. **PRIME CONTRACTOR RESPONSIBILITIES:** The contractor shall be responsible for completely supervising and directing the work under this contract and all subcontractors that he may utilize, using his best skill and attention. Subcontractors who perform work under this contract shall be responsible to the prime contractor. The contractor agrees that he is as fully responsible for the acts and omissions of his subcontractors and of persons employed by them as he is for the acts and omissions of his own employees.
- F. **SUBCONTRACTS:** No portion of the work shall be subcontracted without prior written consent of the purchasing agency. In the event that the contractor desires to subcontract some part of the work specified herein, the contractor shall furnish the purchasing agency the names, qualifications and experience of their proposed subcontractors. The contractor shall, however, remain fully liable and responsible for the work to be done by its subcontractor(s) and shall assure compliance with all requirements of the contract.
- G. **SUBMISSION OF SMALL BUSINESS SUBCONTRACTING PLAN, EVIDENCE OF COMPLIANCE WITH SMALL BUSINESS SUBCONTRACTING PLAN, AND SUBCONTRACTOR REPORTING :**
- I. Submission of Small Business Subcontracting Plan: It is the statewide goal of the Commonwealth that 42% of its purchases be made from small businesses certified by DSBSD. This includes discretionary spending in prime contracts and subcontracts. All bidders are required to submit a Small Business Subcontracting Plan. The contractor is encouraged to offer such subcontracting opportunities to DSBSD-certified small businesses. This shall include DSBSD-certified women-owned and minority-owned businesses and businesses with DSBSD service disabled veteran-owned status when they have also received DSBSD small business certification. Where it is not practicable for any portion of the goods/services to be subcontracted to other suppliers, the bidder shall note such on the Small Business Subcontracting Plan. No bidder or subcontractor shall be considered a small business unless certified as such by the Department of Small Business and Supplier Diversity (DSBSD) by the due date for receipt of bids or proposals.
- II. Evidence of Compliance with Small Business Subcontracting Plan: Each prime contractor who wins an award in which provision of a small business subcontracting plan is a condition of the award, shall deliver to the contracting agency or institution timely reports substantiating compliance in accordance with

the small business subcontracting plan. If a variance exists, the contractor shall provide a written explanation. A subcontractor shall be considered a Small Business for purposes of a contract if and only if the subcontractor holds a certification as such by the DSBSD. Payment(s) may be withheld until the purchasing agency confirms that the contractor has certified compliance with the contractor's submitted Small Business Subcontracting Plan or is in receipt of a written explanation of the variance. The agency or institution reserves the right to pursue other appropriate remedies for non-compliance to include, but not be limited to, termination for default.

III. Prime Contractor Subcontractor Reporting:

1. Each prime contractor who wins an award greater than \$100,000, shall deliver to the contracting agency or institution on a monthly basis, all applicable information for each subcontractor listed on the Small Business Subcontracting Plan that are DSBSD-certified businesses or Employment Services Organizations (ESOs). The contractor shall furnish the applicable information to the purchasing office via the Subcontractor Payment Reporting tool accessible within the contractor's eVA account.
2. In addition each prime contractor who wins an award greater than \$200,000 shall deliver to the contracting agency or institution on a monthly basis, information on use of subcontractors that are **not** DSBSD-certified businesses or Employment Services Organizations. The contractor shall furnish the all applicable information to the purchasing office via the Subcontractor Payment Reporting tool accessible within the contractor's eVA account.

- H. **CONFLICT OF INTEREST:** By submitting the prequalification documentation and any future bids, the individual certifies that contracting in the gypsy moth trapping program does not constitute a Conflict of Interest in regard to each of the following:

VDACS employees will not be permitted to inspect the work of a Contractor who is an immediate family member. Contractor must notify VDACS-STS if the VDACS inspector is an immediate family member.

Contractor may not be a member of the Board of Agriculture or a VDACS employee or officer.

If the Contractor's personal circumstances relating to possible conflicts of interest change after the contract is awarded, the Contractor shall immediately notify the VDACS Procurement Office. Depending on the degree of conflict, the Contractor understands that his/her contract may be canceled and reissued to another Contractor. VDACS will only be responsible for payment to the Contractor for work completed through the date such notice was made.

- I. **LIQUIDATED DAMAGES:** Because of the behavior of the gypsy moth, and the amount of time available to place and monitor the traps to be successful, it is hereby understood and agreed, that lack of communication and other unacceptable delays caused by the Contractor are costly to VDACS and damaging to the outcome of the program. Therefore, liquidated damages may be assessed for each occurrence of noncompliance. The Contractor's compliance with guidelines and standards may be determined by VDACS-STs at any time during the trapping season, as well as, post-season after all traps have been pulled. VDACS-STs will randomly check and evaluate at least ten percent of the traps within each contract trapping unit.

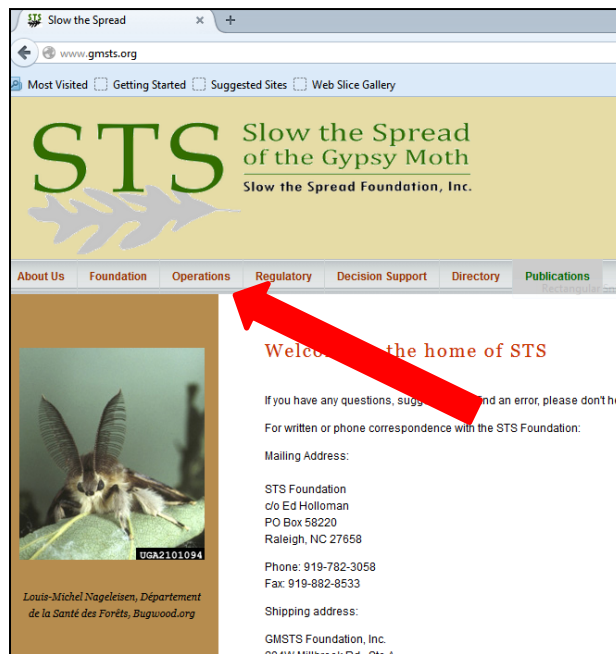

Liquidated damages may be assessed and include, but are not limited to the following reasons:

- a. Inaccurate and improper trap placement outside or within target circle.
- b. Improper trap construction (includes improper lure and insecticide attachment).
- c. Failure to complete and/or submit VDACS-STs issued "Trap Placement" and "Trap Inspection/Pull" logs as instructed.
- d. Insufficient flagging for contractor or VDACS-STs to easily locate the trap site on subsequent visits.
- e. Incomplete and inaccurate data provided on traps including the contractor's initials, quad abbreviation, trap number, grid type, date placed, date checked, the VDACS-STs telephone number, and failure to use permanent marker.
- f. Inaccurate and untimely submissions of gypsy moth trap site data into the GPS unit and into VDACS-STs issued logbooks.
- g. Failure to meet with VDACS-STs as scheduled in a punctual and timely manner during normal office hours to download GPS data.
- h. Failure to contact VDACS-STs in advance and receive approval to skip a download session.
- i. Failure to contact VDACS-STs with error corrections within 5 business days of website posting.
- j. Failure to meet trap placement, mid-season inspection, and final trap pull deadlines.
- k. Failure to, inadvertently or otherwise, pull trap(s). (see #5 under Part I.)

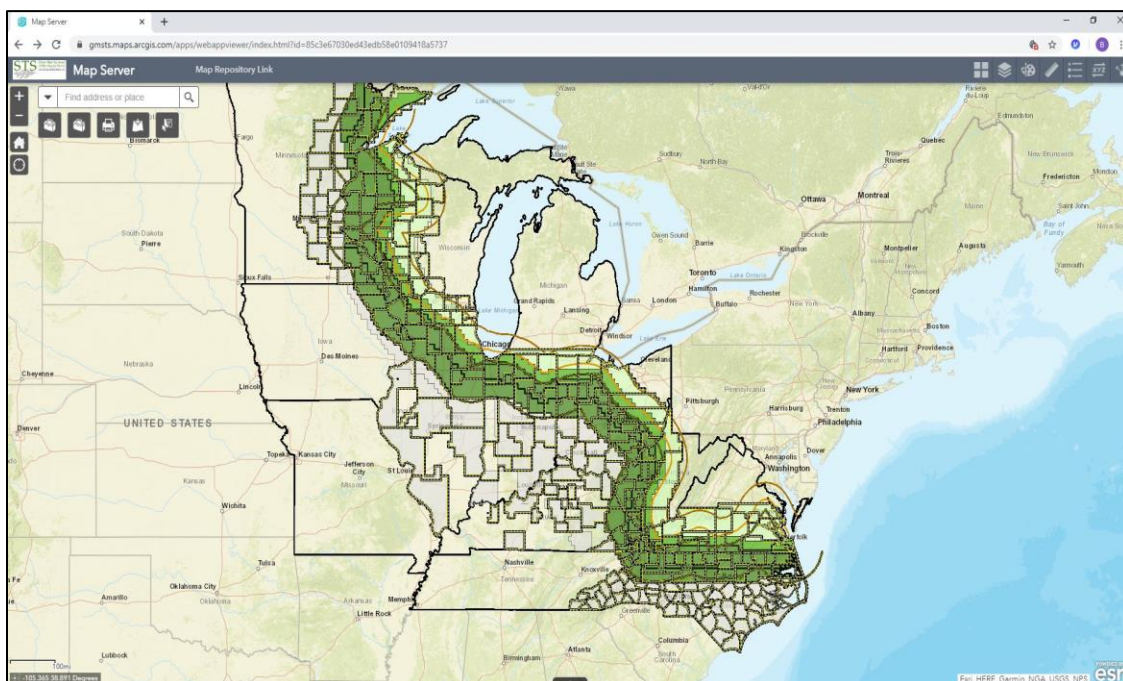

- l. Failure to properly dispose of traps, insecticide strips, flagging, and used coat hangers at the end of the trapping season as directed by VDACS-STS.
- m. Failure to take proper care of and/or return VDACS-STS issued non-disposable supplies and equipment at termination of trapping contract.
- n. Failure to return calls and other data requests within 24-hours.
- o. Failure to submit all GPS records, logbooks, confirmation pictures, moth catches and final pulled traps on the day of the related download session.
- p. Changing GPS settings or manipulating stored data by any means (i.e. software, cables or manual entries/deletions) by the contractor or any agent, employee or subcontractor unless granted prior permission by VDACS-STS.
 - i. Each incident of non-compliance will be investigated. Substantiated evidence or an unsatisfactory explanation may result in liquidated damages being assessed not to exceed three hundred dollars (\$300.00) per incident of non-compliance. An incident is defined as being any separate or individual occurrence within any of the quality control items, (i.e. placing four traps out of target circle would be four incidents of non-compliance). Repeated incidences of failure to meet quality control criteria and other contract requirements seriously jeopardize the success of the trapping program and may be cause for the cancellation of the contract. The assessment of damages will not exceed 30% of compensation for the trapping contract.
 - ii. Any incident in which a contractor is not in compliance with the terms of the contract will be described in writing and documented by VDACS-STS and a copy of this report will be given to the contractor. The reports will be subject to the appropriate provisions, and any liquidated damages assessed will be deducted from payments due the contractor. If the contractor has been paid for services which were not performed in accordance with this contract, the contractor will be invoiced and must refund any payments paid for services improperly performed.
- q. Trappers who receive a formal Vendor Complaint filed with the Department of General Services/Division of Purchases and Supply may have their eligibility to perform gypsy moth trapping in the following season(s) affected. Any eligibility denied is at the sole discretion of VDACS.

Viewing the Topographic Map Online

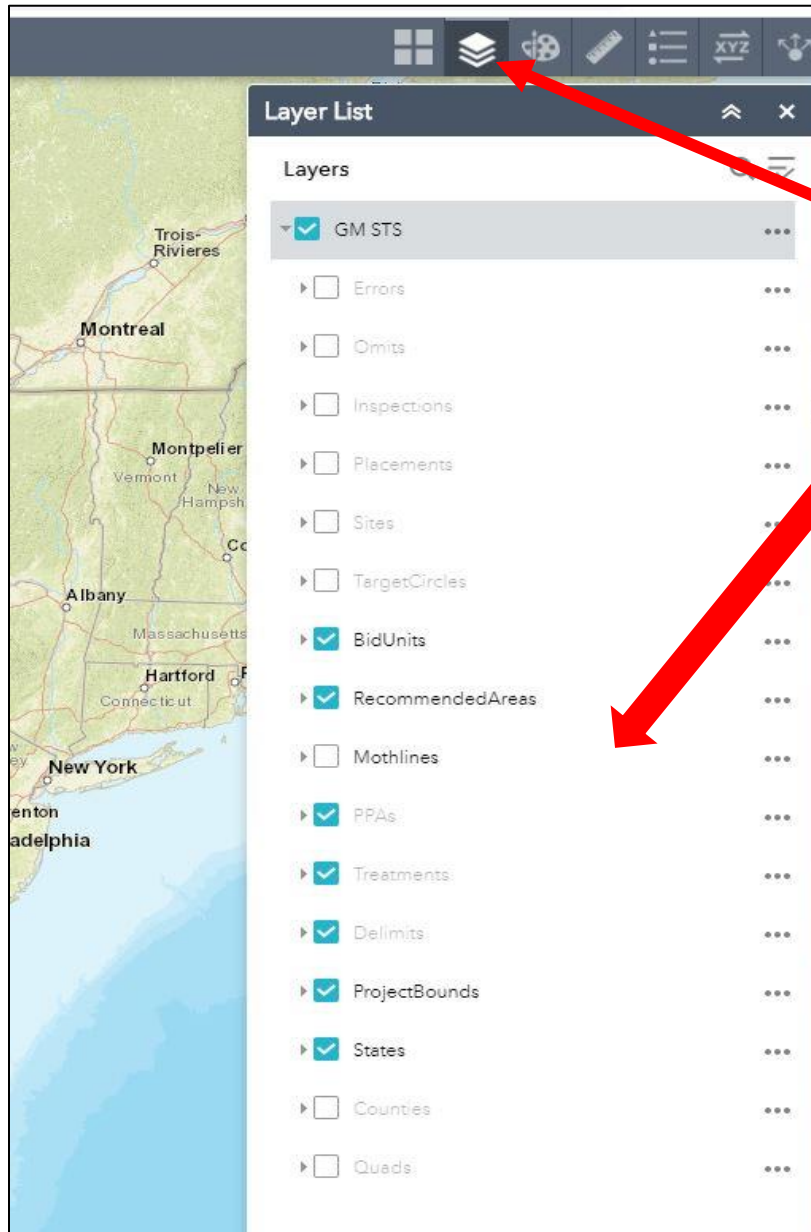

1. Go to <http://www.gmsts.org/> and under the Operations tab click Map Server

2. This will bring up a map of the United States and will highlight which areas are participating in the gypsy moth STS program.

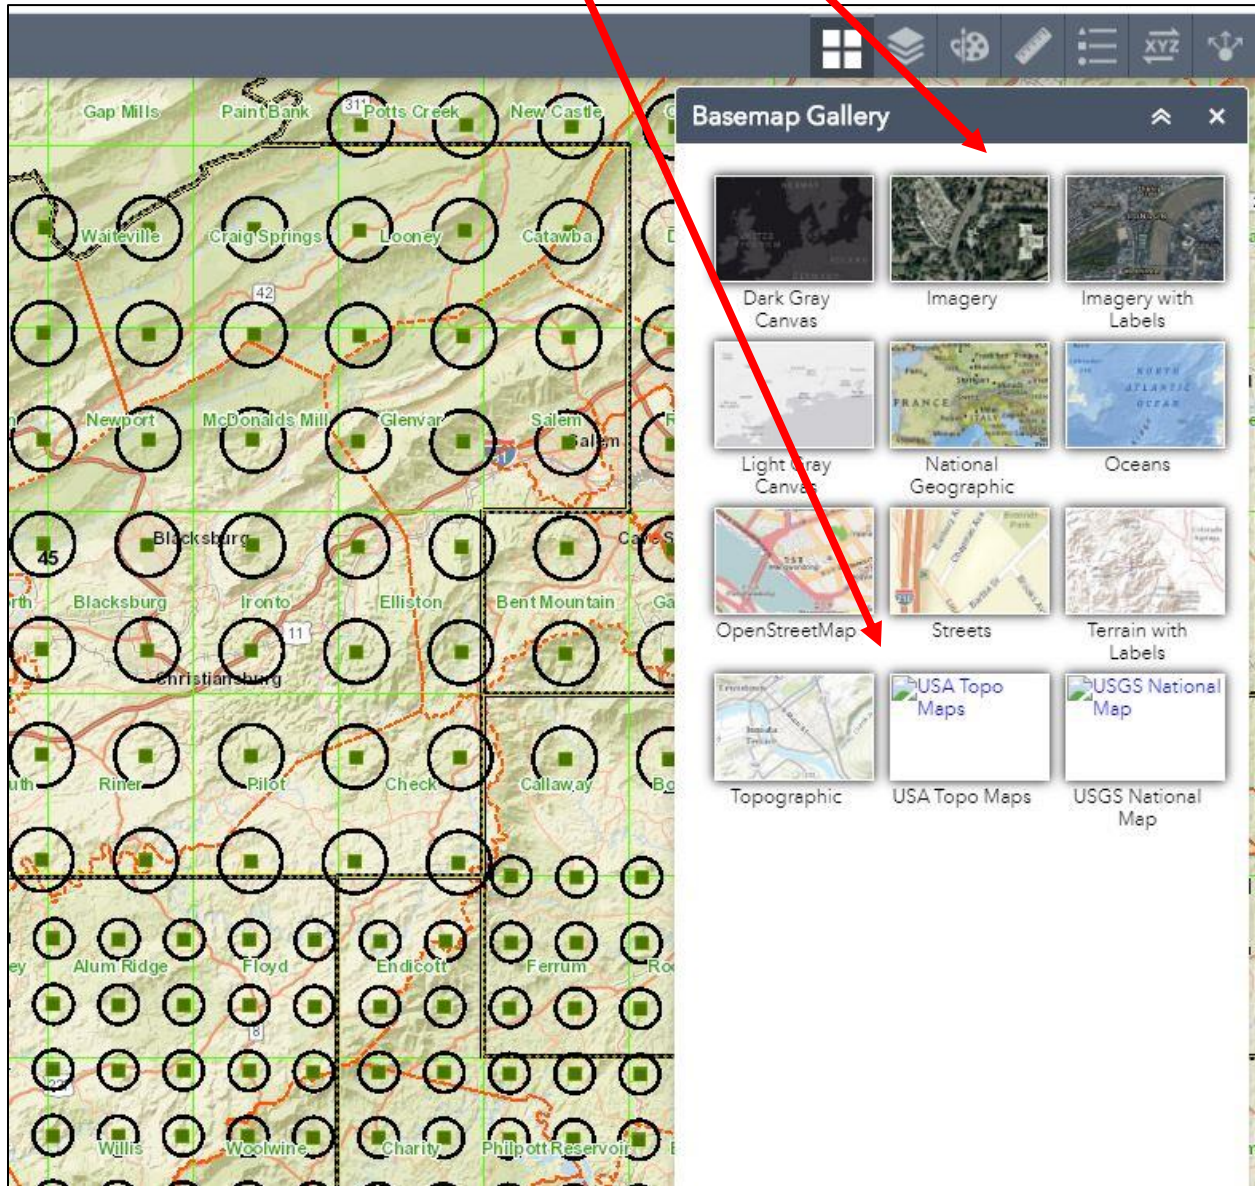

3. On the upper right hand side of the page there is a Layers icon, click it, this will bring up a right sided tab (Layers List) that will give you options to choose from. You can play with the setting to reveal things such as bid units, different traps in a bid unit, or the target circles in a bid unit.

3a. Under the layers list, scroll down and check the boxes for: "Sites", "TargetCircles", "Counties", and "Quads".

For clarity, it might be helpful if you un-check boxes: "RecommendedAreas", "PPAs", "Treatments", "Delimits", and "ProjectBounds".

4. Directly beside the layers icon is a basemap icon. This displays the “Basemap Gallery”, here you can select several different styles of basemaps and see a topographic or an aerial imagery map for the area you are interested in.

BIOSECURITY GUIDELINES
VIRGINIA DEPARTMENT OF AGRICULTURE AND CONSUMER SERVICES

Biosecurity Practices When Visiting Farms, Livestock Markets or Other Places of Animal Assemblage:

- Wear clean clothing or outer garments.
- Change and clean clothing or outer garments as needed when contact is made with animal secretions or excretions.
- Wear footwear suitable for scrubbing.
- Scrub footwear with a brush and a sanitizing solution.

Virkon-S is the sanitizing agent of choice. Follow manufacturer's recommendations for dilution and shelf life.

- An alternative to scrubbing footwear is to use disposable shoe and boot covers and dispose of the covers after each visit.
- If necessary, and when recontamination can be avoided, wash and sanitize vehicle tires using a brush and the same sanitizer as used on footwear. If recontamination cannot be avoided when exiting a farm, look for opportunities to wash and sanitize the vehicle before entering the next farm.
- If a producer, livestock market, etc. has more stringent biosecurity requirements than those listed, then contractor should follow those specific requirements.

NOTE: It is recommended that contractors only visit up to two farms per day to reduce contamination. Gypsy Moth Contractors and their Trapping Personnel: Clean-up is critical if there is visible excrement on shoes and/or tires after leaving farm areas.

I have received the above instructions on Biosecurity Practices and Virkon-S disinfectant to carry out these procedures. I understand it is my responsibility to provide the additional supplies needed for each trapper's vehicle used to conduct this work. Upon request, VDACS will provide the additional Virkon-S disinfectant needed by the contractors.
